

Age Determination of Star Clusters in
M82 using HST/ACS & SDSS data

¹Sungsoon LIM, ²Narae Hwang and ¹Myung Gyoon Lee

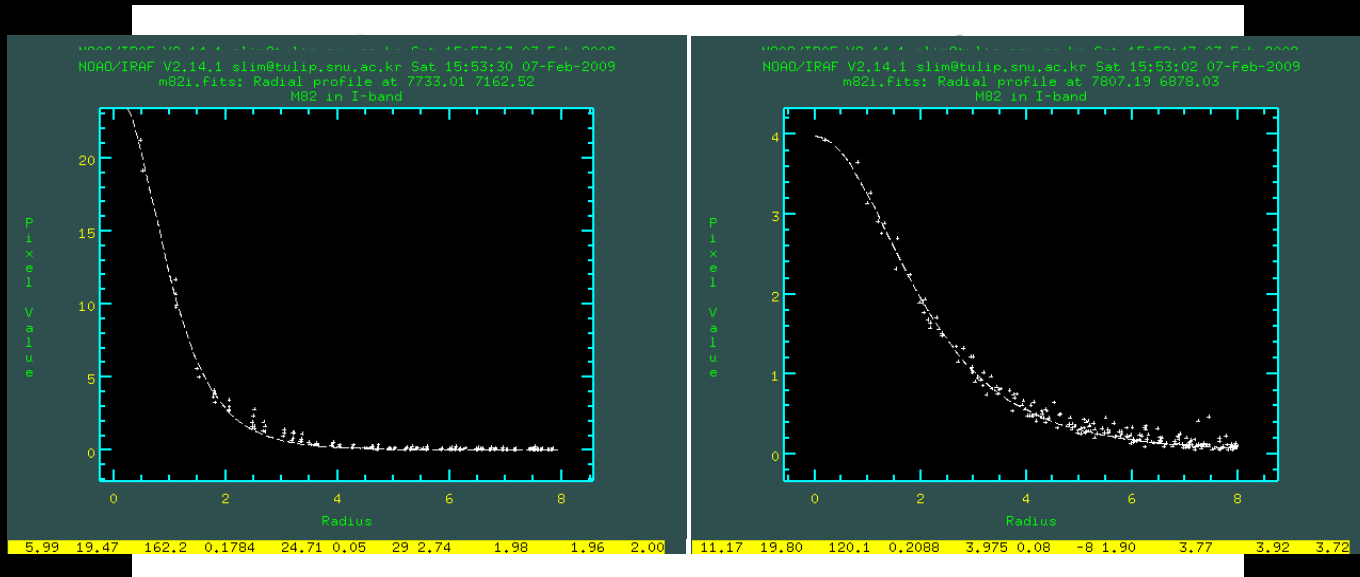

2009. 2. 11

¹Department of Physics and Astronomy, Seoul National University

²National Astronomical Observatory of Japan

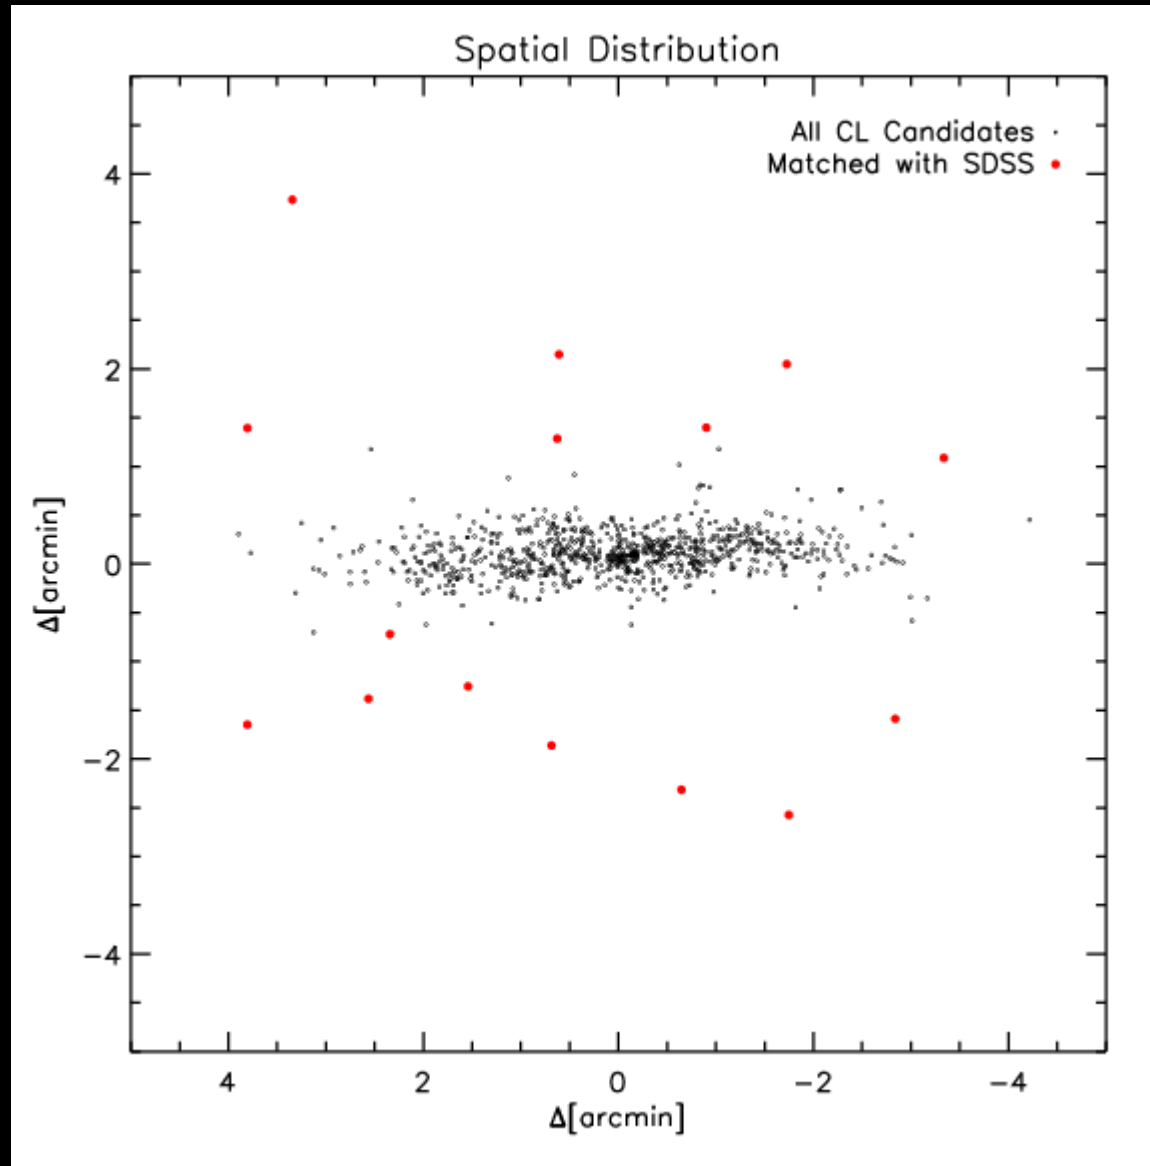

Star Cluster Selection

- Visual Inspection with HST/ACS images

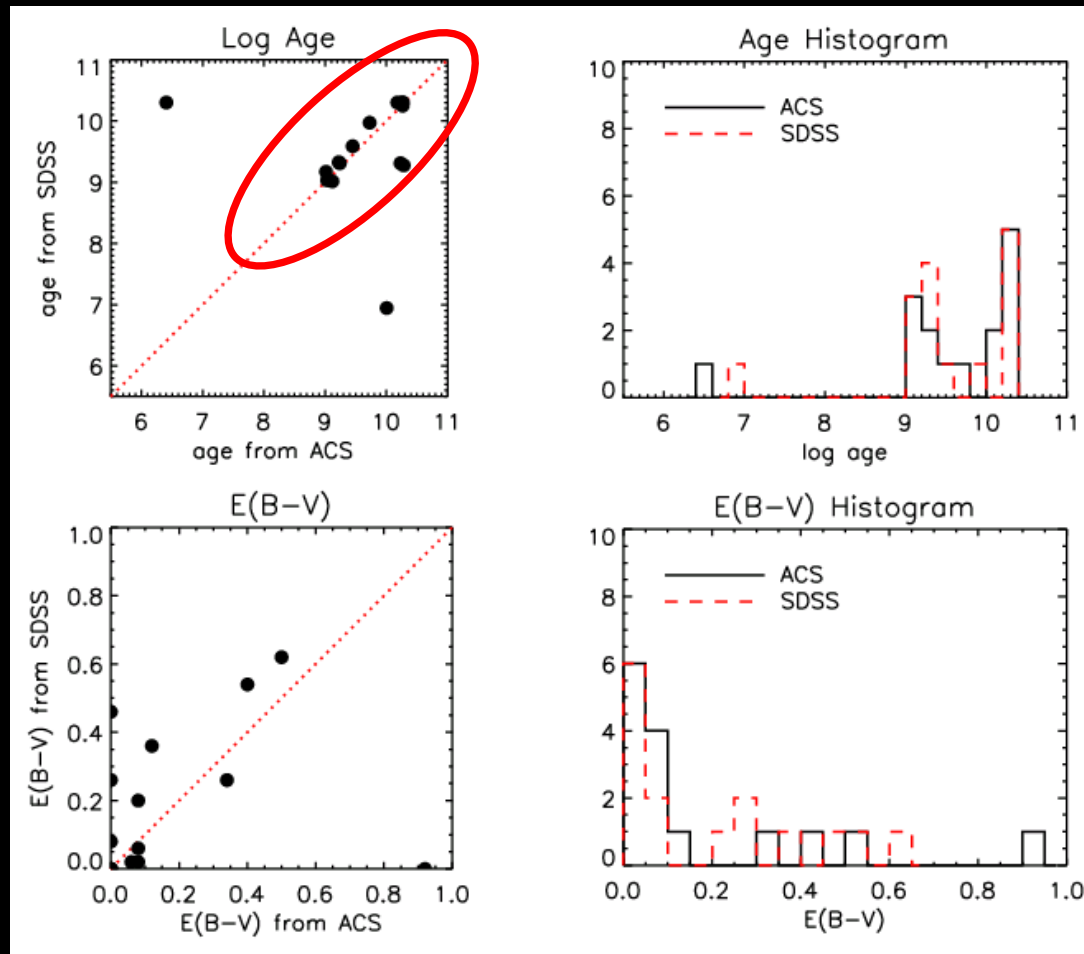

We found ~850 star cluster candidates in M82

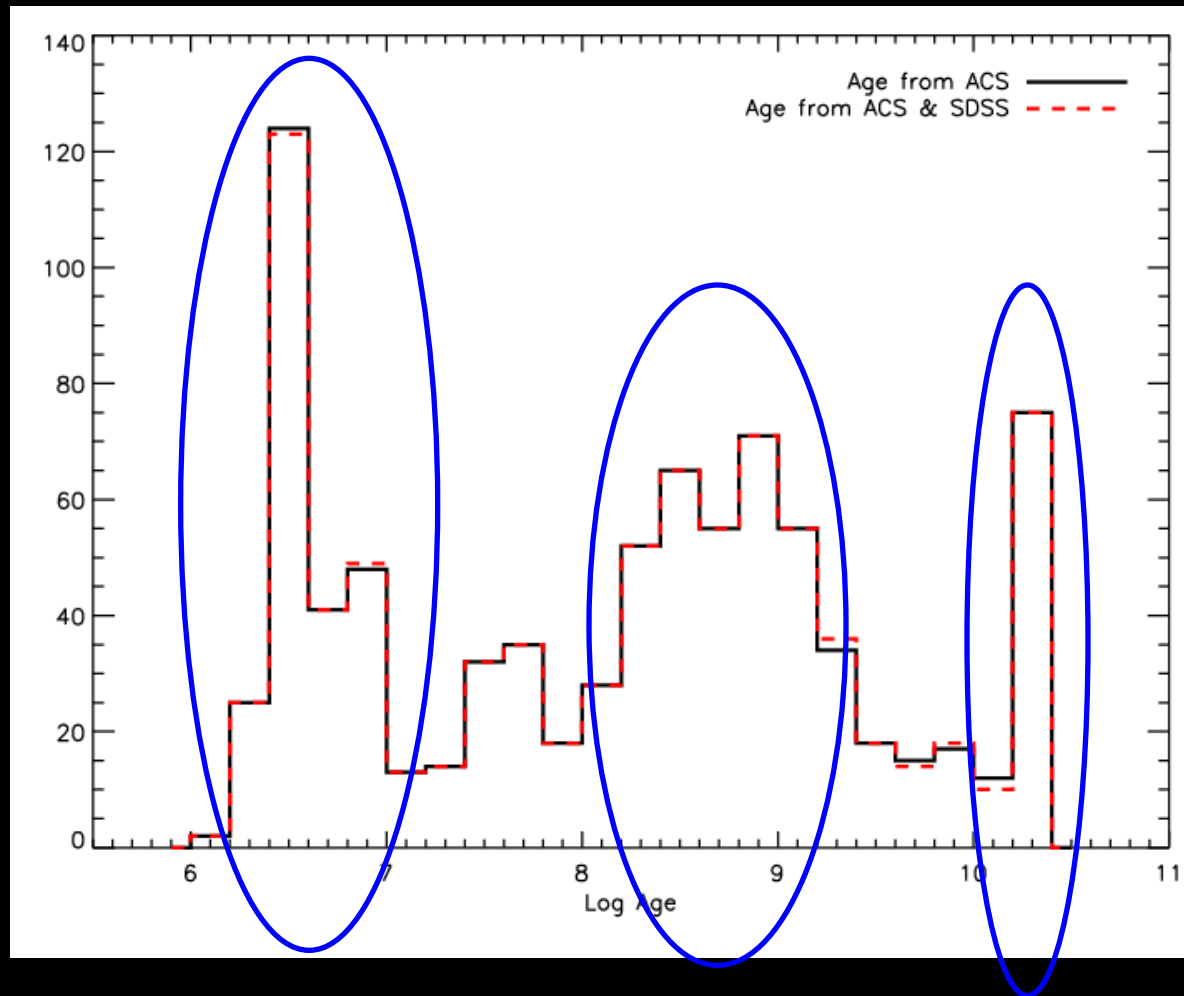

Star Clusters in M82

SDSS vs. ACS (Ages of star clusters)

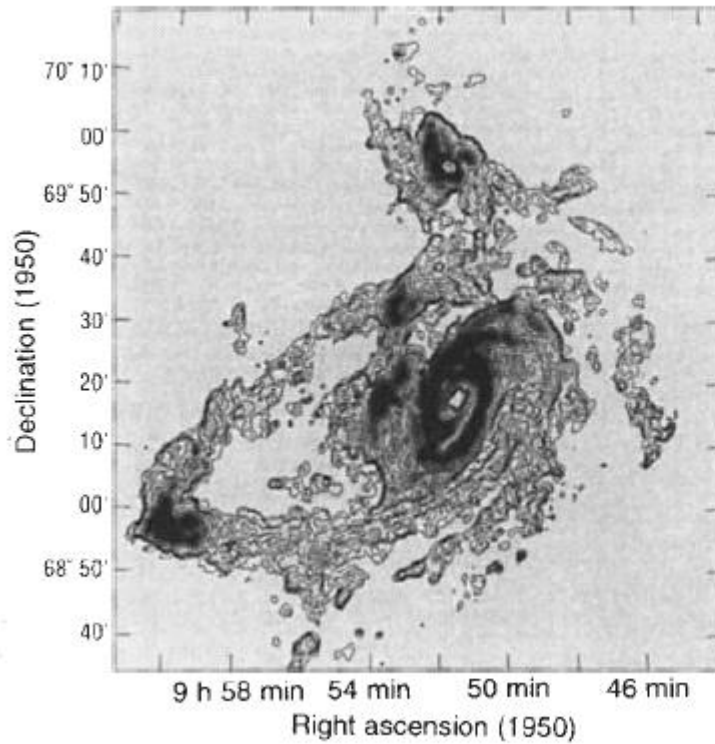

Age Distribution of Star clusters

Thank you~
